Welcome From The President

Welcome to the 2021 Madison County Fair! At the writing of this letter, we are in full swing of planning the activities for the youth of Madison County and we would like to invite you to be a part of it.

We as a Fair Association were thrown a curve ball back in March 2020 when the Covid 19 pandemic struck and caused such chaos in our country, state, and county. With so many counties around canceling their fairs, MCFA was dedicated to finding a way for our exhibitors to be able to exhibit their animals. With the commitment from our County officials and the 2019-2020 Fair Board members, we were able to have the first ever “Drive Thru” Fair!

This would not have been possible without the dedication, determination, and willingness to think outside the box from our MCFA Fair Board, County Elected Officials, MCISD, NZISD, and Madison County Extension personnel. It is evident that this county cares about the development of our youth by their efforts.

The businesses and individuals that participated in our on-line / live auction also showed that they care about the youth of this county. MCFA is fortunate to have such caring and generous buyers that always come thru no matter the hurdles thrown at us!

I have been involved with the MCFA since 2003 and it is my extreme pleasure and honor to serve as President of an organization that promotes leadership, responsibility, and service to our community.

On behalf of the MCFA Board of Directors, I would like to invite you to become an active part of the MCFA. Please talk to a board member to see how you can contribute to the development of our youth through the Madison County Fair. I look forward to seeing you at the fair!

Bob Choiniere
President 2020-21

f. Animals are to be shown in a natural state. Only water and show sheen type dressings will be permitted.

g. Any animal declared dangerous or unruly will be immediately restrained and placed at the bottom of the sale order. The division superintendent, show superintendent, or any fair official may excuse any animal declared dangerous or unruly.

c. Protests against the judge's decision will NOT be accepted by management, and the decision of the judges shall be final except in cases where fraud or collusion is discovered.

8. Resale of Non-Placing Animals

a. The Madison County Fair Association will attempt to provide a market for non-placing cattle, hogs, goats, and lambs. The price will be determined in accordance with fair market value. The sale of non-placing animals by this method will be optional for exhibitors.

b. The sale of any non-placing livestock projects whereby the monies are received and disbursed by the Madison County Fair Association will be charged an 8% commission.

9. Disposition of resale and/or donated animals or items will be handled at the fair board's discretion.

a. Disposition of all re-sale market animals will be at the buyer's first option and exhibitor's second option.

1. The buyer may keep the item purchased and pay the full bid price at which time disposition can be arranged.

2. The buyer may floor (re-sale) the item purchased, at which time the buyer does not retain ownership of the item and purchase price will be the bid price minus the re-sale value printed on the sale sheet.

3. The buyer may donate the item to MCFA scholarship fund or the entity of his choosing at which time the item will be sold for the floor price (re-sale price) or above and this value will be distributed to the entity of the buyers choosing. Buyer will pay the full bid price of the item.

b. The commission company will receive all re-sale animals.

1. Exhibitors will have the option to buy back their sale items at re-sale value if the original buyer floors (re-sales) the item. This right will be limited to the original exhibitor. Active sales of re-sale items to other individuals will not be conducted. If an exhibitor's animal in the premium auction is resold and the exhibitor wishes to purchase that animal at the floor price, he or she must inform the show office of his / her wishes within one hour of the conclusion of the premium sale. Notification after this deadline will be considered too late and the exhibitor will have to bid on the animal in the scholarship sale to buy the animal back.

2. At no time will exhibitors, parents, or agent approach buyers with the intent or purpose of buying back or reacquiring their sale item. Any violations of this rule will result in a fine of \$100 to be deducted from the exhibitor's check.

10. Animals not meeting weight requirements will be removed from the fairgrounds immediately after weigh in. Thereafter, exhibitors must obtain a Livestock Release Form from the office before taking home their animal(s) and may only load when loading does not interfere with shows in progress. Chickens and rabbits will need to be taken home immediately after their respective shows with the exception of the grand and reserve champion pens. Registered heifers may be loaded any time after the conclusion of the registered heifer show without a release form provided loading does not interfere with shows in progress.

11. Per the buyer's instructions, the project should be picked up or delivered within seven (7) days of auction or ownership reverts to seller.

12. Animal Control Rules: All animals must be in assigned stalls/pens and may be removed only for feeding, grooming, exercise, or veterinarian attention.

13. **Each exhibitor is required to attend two (2) of the work sessions** conducted during the fair. Each exhibitor must turn in a work form for each session. Failure to turn in work forms for two (2) sessions will result in a loss of \$50.00 from your fair check

14. The Group Leader of each Buyer's Group is financially responsible to see that all money is collected and that the Madison County Fair Association is fully reimbursed.

15. **Record books will be optional. Record books will be judged for awards.**

16. No parents or other unauthorized people should be in the photo area at the F&CS or Premium Auction Sale.

17. Responsibility for care, feeding and watering of all livestock at the fair will be the exhibitors'. Should the exhibitor fail to fulfill that responsibility, the exhibitor will be charged \$100, which will be deducted from any funds that the exhibitor may be entitled to.

18. Classes will be broken based on a worksheet displaying weights and/or hip height only with no exhibitor names by a committee of at least three show officials including the committee chair.

PREMIUM AUCTION RULES

1. The Madison County Fair Association sponsors a premium auction sale for market classes (market steers, pigs, lambs, goats, broilers, and rabbit fryers) and commercial heifers (penned and halter).
2. Projects will sell by the head or pen. Animals will be sold in their natural state, just as they are presented during judging.
3. The Grand Champion entry in each division must sell for the highest price in that division. The Reserve Champion must sell for the second highest price in its division. All other projects must sell for less than the Reserve Champion.
4. An 8% commission will be charged on all sales and add on money.
5. Only one project per exhibitor can be sold in the Premium Auction. If an exhibitor has more than one project that qualifies for the Premium Sale, the exhibitor will have to designate one project to go to the Premium Auction and one other project to go to the Freezer Sale. However, in the event that an exhibitor has Grand and Reserve Champion Projects, all grand and reserve projects will be sold in the Premium Auction. All Grand and Reserve Champion Projects must be sold in the Premium Auction.
6. If an exhibitor has more than one entry eligible for the premium sale, other than Grand or Reserve Champions, he or she must notify the show secretary in writing within one hour of the conclusion of the last show which entry will be in the premium sale and which will go to the freezer sale. Failure to do so will necessitate that the show management make this determination. In the event an entry or entries are dropped from the sale order, the alternate(s) will move into the sale order on a rotational basis starting with the division that would have been 121st in the sale order. When the number of entries in the sale within any division meets or exceeds 75% of the total entries within the division, that division drops from the rotation. Ag Mechanics sale projects will sell Grand and Reserve Champions and will not be included in the above.
7. The premium auction sale will include a maximum of 120 lots made up from the market steer, pig, lamb, broiler, rabbit fryer, meat goat, commercial halter heifer, and commercial penned heifer divisions. The total number of sale lots in each division will be determined as a percentage of the total number of entries checked in and eligible for show at show time. The percentage will be determined by using the number of sale lots (120) as a percent of the total number of animals weighed in at the fair.
The following examples will further explain this sale procedure.

EXAMPLES

Let's assume that we have 240 total head shown in the fair. (A pen of chickens, rabbits, or heifers counts as one head.) This would mean 240 entries are vying for 120 available sale lots. Of these 240 head, let's assume there are 20 market steers, 80 pigs, 20 lambs, 50 chickens, 10 goats, 10 rabbits, 30 halter heifers, and 20 penned heifers. Since we are selling 120 head and we have a total of 240 head eligible for the sale, we will be selling 50 percent of the total entries within each division which would be 10 market steers, 40 pigs, 10 lambs, 25 chickens, 5 goats, 5 rabbits, 15 halter heifers, and 10 penned heifers.

Another example would be to assume we have a combined total of 255 entries in the show. Selling 120 head in the premium auction sale means that we are selling 47.05% (.4705) of the total number of entries. Of these 255 head let's say we have 10 market steers, 25 halter heifers, 45 penned heifers, 75 pigs, 20 lambs, 65 chickens, 7 goats, and 8 rabbits. We would sell 47.05% of each division meaning that in the sale there would be 5 market steers, 12 halter heifers, 21 penned heifers, 35 pigs, 9 lambs, 31 chickens, 3 goats, and 4 rabbits. (take whole numbers and then round highest decimal until you reach 120).

By working the sale in this manner the following things will apply:

- All divisions will sell on an equal percentage basis.
- The total number of animals in each division to sell will not be known until all market entries are checked in to the show. This will change each year with a change in the number of entries.
- The sale will be based on the number of animals weighed/checked in at the show and not on the number tagged in for show.

8. Exhibitor must be present with their animal to show and sell. Any exceptions must be approved in advance by the fair board. Following the premium auction sale, exhibitors will remain with their projects until arrangements have been made with the buyer for disposition of that project. Division superintendents will inform exhibitors of any special arrangements made.
9. Per the buyer's instructions, the project should be picked up or delivered within seven (7) days of auction or ownership reverts to seller.
10. Exhibitors will not collect directly from their buyer. Buyers will make payment to the Madison County Fair Association who in turn will make payment to exhibitors later.

11. The Madison County Fair Association will provide a photographer to make photographs of the exhibitors and project buyers. Two photographs will be made - one for the buyer and one for the exhibitor. The cost of both photographs will be deducted from the exhibitor's check. It is the responsibility of the exhibitor to get the picture to the buyer.

12. All exhibitors that sell in the Premium Auction sale must present a "Thank You" letter in an addressed, stamped envelope for each buyer of their animal to the respective County Agent or FFA Advisor within 30 days of the sale date. Thank you letters must be checked off before exhibitors will receive their sale check for the Madison County Fair.

13. The judge in each division can disqualify any animal he deems unfit for market quality from selling in the premium auction sale.

14. If an exhibitor's animal in the premium auction is resold and the exhibitor wishes to purchase that animal at the floor price, he or she must inform the show office of his / her wishes within one hour of the conclusion of the premium sale. Notification after this deadline will be considered too late and the exhibitor will have to bid on the animal in the scholarship sale to buy the animal back.

FREEZER SALE RULES

1. Exhibitors may only enter one project in the freezer sale.
2. No item is allowed to bring more than the lowest selling item in their division at the Premium Auction Sale.
3. The current market value will be the floor price for steers, pigs, lambs, goats, and heifers. No floor price will be established for broilers and rabbit fryers.
4. There will be an 8% commission on sales and add-ons.
5. Following the freezer sale, exhibitors will remain with their projects until arrangements have been made with the buyer for disposition of that project. Division superintendents will inform exhibitors of any special arrangements made.
6. Exhibitors with broilers or fryers in the freezer sale must dress and deliver their projects according to the buyer's request.
7. Per the buyer's instructions, the project should be picked up or delivered within seven (7) days of auction or ownership reverts to seller.
8. Animals will be sold by the head or by the pen. Animals will be sold in their natural state, just as they are presented during judging.
9. Exhibitors must be present with their own project in order to sell. Any exception must be approved in advance by the fair board.
10. Any entry unfit for sale may be sifted by the Madison County Fair Board.
11. All exhibitors who sell in the freezer sale must write a thank you letter to their buyer. The note must be checked by the advisor / club leader before being sent. An exhibitor will not receive his/her fair check until thank you notes have been verified.

FAMILY AND CONSUMER SCIENCES AUCTION

1. The Madison County Fair Association sponsors a Family and Consumer Science auction for top placing items shown at the food, art, photography, and handcrafts show. Items sold include: the grand, reserve, and first place entry in each class for each age division in the food preparation and food preservation divisions. Pee Wee Division will receive prize money in lieu of sale lot. Grand and reserve champion entries will sell in each age group for handcraft and art entries. The Overall Grand Photography entry in each age group will be sold.
2. No project will be allowed to sell for more than the Grand Champion or Reserve Champion in its division. This will not include open division.
3. An 8% commission will be charged on all sale items and add-ons.
4. Each exhibitor may sell no more than one project during the FCS sale unless the exhibitor should have more than one Grand or Reserve Champion in different divisions. All Champions and Reserve Champions will be qualified to sell regardless of number of sale items owned by the exhibitor. Exhibitors qualifying more than one item for the sale which are not grand and reserve must declare which item he/she wants to sell by the end of the FCS show. The next place entry in the dropped division will move up into the sale.
5. Projects sold from the open division will be released to the Madison County Fair. Monies received on these projects will be donated to the Madison County Fair Association.
6. Following the sale, exhibitors will remain with their projects until arrangements have been made with the buyer for the disposition of that project. Division superintendent will inform exhibitors of any special arrangements made.
7. Exhibitors will not collect directly from their buyers. Buyers will make payment to the Madison County Fair immediately after the purchase of a project. The Madison County Fair Association will make payment to exhibitors later.
8. The Madison County Fair Association will provide a photographer to take photographs of the exhibitors and the project buyers. Two photographs will be made - one for the buyer and one for the exhibitor. The cost of both photographs will be deducted from the exhibitor's check. The exhibitor is responsible for delivering the photo to the buyer.
9. Each exhibitor (with the exception of open division) will be responsible for writing a personal thank you letter to his or her buyer. Open division will be written by the FCS committee. This letter must be presented to the County Extension Office, Ag Teacher, or Family and Consumer Science Teacher for their approval. Letters should be written within 30 days after the sale. Failure to write a thank you letter will necessitate the Madison County Fair Association to withhold payment of sale items until such letter is written.

Madison County Fair Association

DRUG POLICY

1. The intent of the drug policy is to prevent the use of performance enhancing drugs and any other drugs that are not approved by the Food and Drug Administration (FDA) and /or the United States Department of Agriculture. As well as to promote producing a wholesome product that would be acceptable for market. Animals within a drug withdrawal period will be permitted to show and sell provided the drug is FDA or USDA approved and on the “Approved Drug List” provided by the MCFA. In the event a drug needs to be administered that is not on the “Approved Drug List”, the MCFA Board may elect to add this drug to the list provided it is acceptable to the show veterinarians and not deemed to be performance enhancing. Administration of any drug not on the list must be administered by a licensed veterinarian and have been approved in advance of administration by the official show veterinarians.

a). Under Withdrawal Period at the Fair: All drugs given within a 60 day period prior to the check-in must be administered under the direction of a licensed veterinarian and declared on the MCFA drug form. If check in at the fair falls within the medication’s labeled withdrawal period it must be administered by a licensed veterinarian only. Any animal, at check-in, that is within a drug withdrawal period will be required to declare this drug, date it as administered, reason for administering, and veterinarian responsible for administration. This withdrawal period will be strictly enforced. The animal must be taken home by the exhibitor and maintained properly until the withdrawal period has ended. After the withdrawal period has ended it is the exhibitor’s responsibility to deliver the animal according to the buyer instructions within Madison County. Once delivery is confirmed by the buyer, the exhibitor’s check will be cleared for release.

b). Emergency Treatment: If any animal requires emergency treatment while on fairgrounds, only an approved show veterinarian will be allowed to administer any substance. The above guidelines still apply. ***Once on fairgrounds, only approved show veterinarian can treat/administer injections.*** Any treatment given along with appropriate withdrawal information must be filed with the show office immediately following treatment and treatment that has a withdrawal past the last day of the fair will be taken home by the exhibitor and maintained until the withdrawal period is ended, as outlined above.

c). Show Veterinarian’s Responsibility: The Madison County Fair veterinarian, in agreement with the Madison County Fair Board of Directors, reserves the right to treat any animal while on the fairgrounds, if in the opinion of the veterinarian, it is in the best interest of the animal’s health and well-being to be treated. If the Madison County Fair veterinarian administers treatment to an animal and therefore uses any medication with a withdrawal beyond the last day of the fair, the animal will be taken home by the exhibitor and maintained until the withdrawal period is ended, as outlined above.

d). Treatment Cost: All treatment costs are the responsibility of the exhibitor.

2. Disclaimer of Warranties: The Madison County Fair expressly disclaims any express or implied warranties (including merchantability), whether the goods or services are provided by the Madison County Fair or by any other persons (such as drug testing). The Madison County Fair does NOT provide security or guard services and is not responsible for the acts of third parties. Exhibitor and exhibitor’s parents and/or guardians agree that the Madison County Fair shall be entitled to disqualify an exhibitor whose animal tests positive for any drug, chemical, or feed additive even if the exhibitor and the exhibitor’s parents or guardians are unaware of any wrongdoing and had no role in the administration of the substance. Even if the source of the substance is

unknown, the Madison County Fair shall be entitled to disqualify the exhibitor. Disqualification results in forfeiture of all prize money and auction proceeds received by the exhibitor.

3. Disqualification/Condemnation of Animal: The Madison County Fair reserves the right to condemn and /or disqualify any animal, either live or slaughtered, found in violation of the use of drugs, chemicals or feed additives as described in Rules 1, 1a, 1b and 1c, and the exhibitor will forfeit all auction sale and /or premium money if the animal is disqualified. If an animal(s) is disqualified for testing positive and/or the carcass is condemned at slaughter, the class placing will not change. An exhibitor of an animal testing positive for any drug, chemical, or feed additive may forfeit all rights and privileges to exhibit animals in the future at the Madison County Fair.

MCFA Drug List

Illegal/Banned Drugs- These drugs will result in an automatic disqualification, no questions asked.

- Any Drugs prohibited from extra-label use in food by animals by the FDA. This includes Chloramphenicol, Diethylstilbestrol (DES), all nitroimidazoles (including furazolidone and nitrofurazone-this can no longer be used topically), Clenbuterol, Dipyrone, Fluoroquinolones (unless labeled directions are explicitly followed; i.e., Baytril can only be used in beef cattle with BRD and must be prescribed by a veterinarian), and Glycopeptides (Vancomycin).
- Drugs placed on the FDA voluntary banned list including amikacin, gentamicin, other aminoglycosides not labeled for use in food animals, DMSO, and phenylbutazone.
- Any drugs deemed as performance-enhancing by the Texas Racing Commission. This includes, but is not limited to carfentanil, hydromorphone, buprenorphine, valium, butorphanol, mepivacaine, tetracaine, xylocaine, ephedrine, theophylline, acepromazine, chlorpromazine (Thorazine), detomidine, fluphenazine, reserpine, furosemide, albuterol, dexamethasone, prednisolone, caffeine (soda, coffee, chocolate), theobromine, salicylate(aspirin), Phenylbutazone (Bute), ibuprofen, naproxen, tripeleminamine, and DMSO.
- Drugs administered to breeding animals (commercial halter and pen heifers) that are labeled only for use in market animals. Examples may include ractopamine hydrochloride (Optaflexx) and zilpaterol hydrochloride (Zilmax).

Veterinarian Approval Only- These drugs may be given by a licensed veterinarian, and if the drug is to be given within 60 days of the weigh-in for the show, documentation (including a written reason for the prescription, the dosage and frequency of the drug administered, and the recommended withdrawal time from the prescribing veterinarian) must be provided at the time of the weigh-in. If the above is not followed, the animal will be disqualified. Drug residues at any level will constitute a further review of the project records.

The use of any of these drugs will be grounds for disqualification if it is deemed for performance-enhancing purposes and not other medical purposes. These drugs include: lidocaine, ketamine, atropine, epinephrine, diphenhydramine, flunixin (Banamine), guaifenesin, telazol, xylazine and all other drugs not included on this list.

Approved drugs- These drugs may be administered by authorized persons (parent or veterinarian) prior to weigh-in of the fair as long as the labeled withdrawal time and instructions are followed. If weigh-in is inside the withdrawal time, these drugs must be prescribed by a veterinarian, and the exhibitor must have a written reason for the prescription, the dosage and frequency administered, and the recommended withdrawal time from the prescribing veterinarian. All drugs given within a 60 day period prior to the check in must be confirmed with a show veterinarian.

THE ANIMAL MUST BE CLEARED OF ALL OTC (NONPRESCRIPTION) APPROVED DRUG RESIDUES AT THE TIME OF WEIGH-IN OR IT WILL BE DISQUALIFIED. These drugs include:

- Any FDA/USDA approved antibiotics, unless stated elsewhere. Over-the-counter antibiotics may be used prior to the weigh-in for the show as long as the labeled directions and withdrawal times are followed. Quality Assurance guidelines should be followed (BQA,PQA,SSQA, ect... regarding injection site location and administration. Mixing of drugs and giving them in the same syringe will cause tissue residues. (i.e., you cannot use LA200 in a goat without going to your veterinarian. You cannot give your steer 9ml/100lbs - the labeled dose is 4.5 ml/100lbs in cattle). Extra-label use is strictly prohibited unless prescribed by a veterinarian. A veterinarian must prescribe any antibiotics that are to be given within 60 days of the show -and that may not clear by weigh-in. If the animal is in its withdrawal time at the weigh-in, it must have the above mentioned prescription information. Approved antibiotics include, but are not limited to ceftiofur (Naxcel, Excenel, Excede: an approved ceftiofur product is available for most species- this is the recommended drug of choice due to its short withdrawal period), penicillin (not approved for goats-read the label, it can be used in cattle, and some products are available for sheep and swine), oxytetracycline (not approved for goats), neomycin, licomycin, tilmicosin, etc.
- Any FDA approved anthelmintics (dewormers). Over-the-counter dewormers may be used as long as the labeled instructions are followed and labeled withdrawal times are adhered to. Extra-label use is strictly prohibited unless prescribed by a veterinarian. Approved

anthelmintics include ivermectin (prescription only in goats), Fenbendazole (safe-guard), moxidectin (Cydectin-must have prescription for goats, oral drench is the only moxidectin approved for sheep), doramectin (Dectomax), Levamisole, albendazole, morantel (Positive Pellets goat dewormer- follow the labeled withdrawal), and clorsulon (a flukeicide in beef cattle). THE ANIMAL MUST BE FREE OF ALL ANTHELMINTIC RESIDUES AT THE TIME OF WEIGH-IN.

Medicated feeds may be used as long as they are FDA approved for the species that is eating it, and any labeled withdrawal times are followed. Approved medicated feed additives include Decoquinat, Monensin, Lasalocid, ammonium chloride, chlortetracycline (the labeled withdrawal time must be followed), Oxytetracycline (pay attention to the labeled withdrawal time and the intended species). THE ANIMAL MUST BE CLEARED OF ALL FEED ADDITIVES AT THE TIME OF WEIGH-IN FOR THE SHOW.

Handcrafts Show

Chairman: Warren Hunt
Co-Chair: Jason Clary
Committee: Karl Radde

Handcrafts will include three categories; each category will have a Reserve and Grand Champion in Woodworking, Textiles and Crafts.

Participants will compete in **two classes (3rd grade through 8th grade – Juniors and 9th grade through 12th grade - Seniors)** in each category. One judge will score the project by itself and award points based on 100 point scale. The second judge will interview the participant and award point based on a 100 point scale. Totals from both judges will be combined to determine the Grand and Reserve Champions in each category. Exhibitors will have access to a copy of the judging rubric, used to grade the projects and score the interview, at the MCFA website before the fair. **Only Grands from each age division will sell in the FCS Auction.**

The interview with the judges will take place during the scheduled day of the Handcrafts competition. The interview will showcase the knowledge and skill level of the participant in completing the project.

MCFA would like to encourage participation in the show without limiting those involved in UIL, FFA, 4H, FCCLA or other school related events that occur on the same day as the interviews. Initial request will be to schedule their interview at a time conducive to their conflicting event. In the cases where that is not possible, a sibling or other student designee may be present at the interview with a cell phone or other device that can be put on two-way video or at a minimum two-way speaker for the judges to ask questions of the contestant. The designee should be familiar enough with the contestant's project to be able to point to a specific item if need be for the contestant but may not conduct the interview on their behalf. Neither MCFA nor the show superintendent shall provide electronic devices for the contestant. A family emergency or illness may also be grounds for allowing a contestant to not be present. All requests for this alternative interview process must be made at least 48 hours prior to the day of the show and final approval is at the discretion of the show superintendent.

Showmanship winners in Handcrafts will be judged in Junior (3rd-8th grade) and Senior (9th-12th grade) classes. Scores from the interview will be considered by the judges to determine the showmanship winners.

Paintings, drawings and photographs do not constitute a "Craft" on their own, but can be used to add, embellish or decorate a craft.
